This game looks the business, but the gameplay is poor. Nothing is explained properly, and you'll find yourself confused very easily. Not a good game at all.. What on earth did I just play..

The lighting is darker than my soul.

I don't know how to recommend this game really.. Fun game, challenges you to think a few steps ahead and get your laser to your opponents side before they get to yours! Simple yet challenging just like checkers/chess.. Awesome i actually can do graffiti cuz im good on paper with copics but this is much funner totally a 100/10. Nice little diversion. Good to see how some game things have progressed since the previous game. I did run into a 2 or 3 lock ups (game stuck in loop) where I had to End Task and go back to my last saved game. Overall it was nice. Looking forward to the next full game.. Even though game haven't aged well, it's still fun to play. Repetitive and dull. Grind (or just speedrun) through braindead enemies to find a key, backtrack to find another and so on.

last straw was a moment when I lost all my ammo and guns I was saving for obligatory boss battle, but \u2665\u2665\u2665\u2665 me I guess.

The Binding of YOU is fun game that offers a challenge.. simple casual game. froggy shoots marbles to match three before they reach the gaping mouth. Later stages are challenging.

76/100. Great OST

Good gameplay

. It's like Lumines, only with a time limit of 2 minutes to see how much area you can cover with your fusion-making skills. Rad game.. Nice backgammon game.. Everytime I start up the game my computer lags. Its normal play, lag, normal play, lag, every few seconds. One second I'm at the starting point, two seconds later the Animatronic has killed me in single and multiplayer.

How can I fix this?. Not alot to say about this one it is a solid racer with off road trucks, which I really enjoy. My time with it has been short but enjoyable.. this game is good for getting stoned

. this game messed with me on a really deep level. i didn't expect to be susceptible to it this much as i like to play games of this kind, who knows maybe i've changed or this game is special. i loved every single deeply flawed character and i want Charlotte to get the happiness she deserves, so i'm looking forward to playing EP3 (after a much needed break)

Overall this game has a really pretty aesthetic and nice symbolism, emotional story, the puzzles are easy but don't i find it a bother since this game is more focused on the story and so am i,,,,,, anyways even if you have no money palyed EP1 at least bc this game really deserves more attention.. Muchos banter.
